

# Invitation to CORE-IT (Free Virtual Conference)

Please accept my invitation to join me and many of my industry friends online March 24-30<sup>th</sup> at CORE-IT.

CORE-IT is a **free** virtual conference that will bring together existing and next-generation industry talent with top-level training, trainers, mentors, companies, products, and opportunities. On March 24<sup>th</sup>, speakers and mentors will be online during the sessions. All sessions will be available on demand through March 30<sup>th</sup>.

**March 24-30<sup>th</sup>:** Register today at <https://engagez.net/coreit1>

Access to free training on the tools, protocols, and sessions covering best-practices.

## Speakers

Laura Chappell, Founder of Chappell University  
Sake Blok, Wireshark Core Developer  
Andrew Lewman, Co-Creator of Tor  
Mike Kershaw, Creator of Kismet  
Doug Burks, Creator of Security Onion  
Tony Fortunato, Network Analyst with NATO Top Secret Clearance  
Jasper Bongertz, Creator of TraceWrangler  
Kirk Thomas, Creator of NetScanTools  
Betty DuBois, Wireshark Instructor/Analyst  
Mike Pennacchi, Analyst/Instructor/Performance Testing  
Terry Cutler, Pen Tester, Cyology Labs CEO  
... and more

Thirty sessions focused on core tools, protocols, and best practices. Visit the vendors in the Exhibit Hall (including the High Technology Crime Investigation Association), take quizzes to achieve Open Badges, and network with speakers, mentors, professionals, and peers in the Chat Lounge.

Please forward this invitation along to your students and any faculty members who may be interested in joining us.

Questions? Feel free to reach me at [laura@chappellU.com](mailto:laura@chappellU.com).

Cheers!
