

Faculty Support Tools & Resources Focused on Student Success

Identify people, processes & technology to achieve goals and maximize returns

Our focus: student career success!

Students to have the opportunity to gain relevant experience, showcase their skills/talents and analyze & evaluate outcomes in a safe environment.

Instructors, administrators and CTE staff are tasked with doing a lot for their students with limited time and resources.

By listening to our partners, we have developed the following programs to support faculty with ensuring student success:

- Career Coaching Services
- Digital Credential Design
- Certification Exam Concierge

Solutions = Career Development Model

Career Coaching

(assess self, explore options, develop skills, market self, & perform)

Certification Exam Concierge

(develop skills)

Digital Credential Design

(market self)

Career Coaching Services

- Assessing self and exploring options: [Home | Journeys \(journeysmap.com\)](#)
- Individual Career Coaching
- Job Developer Project
- Prep Students for Virtual Career Fairs
- Career Specific and General Workshops

Digital Credential Design

- Highlight examples of what colleges are doing!

Certification Exam Concierge

Many students fail to take industry certification exams – why?

Certification Exam Concierge

- Coach to help students find the confidence
- Support after completion of core classroom work
- Faculty/institution - free of additional time requirements
- Increase student success and satisfaction
- Verifiable completion pass/no-pass information is available to institution.

Let's Discuss!

- What is available for funding?
- What do your students need to be successful?
- What do you need (faculty and staff) to ensure and promote student success?
